Select your track/topic from the dropdown menu	Statistical Characteristics of Markets
If response above is "Other", insert your proposed topic here	

Use this section to provide additional information regarding your topic as this will help instructors determine if they would be a good fit to mentor your group for the duration of the project. If you opted to propose your own topic, this information will be used for approval purposes (ie. whether you have access to necessary data, etc.).

We aim to apply various Exploratory Data Analysis techniques to revisit the performance of SP500 over a decade. Additionally, we aim to identify market regime and examine any shock through macroeconomic data analysis with SP 500.

Statement of integrity: By typing my name in the text box below, I confirm that I am willingly entering into group formation with the students listed above and have confirmed the common interest in the topic for this project. I understand that failure to collaborate effectively with the other students of the group will result in grades of 0 and automatic isolation. If I am proposing my own topic I am required to email this form to capstone@wqu.edu prior to the M1 deadline for instructor approval.
